Where are the Biology books?

Biology books are shelved at QH-QR on Level 2 East—one floor down from the entry level.

Some of the main sections are:

- QH Natural history
- QK Botany
- QL Zoology
- QM Human anatomy
- QP Physiology
- QR Microbiology

If you are looking for a specific book you will need to find its call number in the library catalogue as there are a large number of shelves.

Ask at the Information Desk on Level 3 if you need help.
